1993 - 1995	- Programmer and Systems Analyst - Independent Consultant (DEC Hellas, Anodos S.A., etc.)

Courses

T.E.I. of Athens

Undergraduate Courses

- Algorithms and Complexity
- Introduction to Computer Science
- Numerical Methods & Fortran
- Information Systems

Postgraduate Courses[1]

- Complexity
- Artificial Intelligence I

Hellenic Open University

- Quantitative Methods

University of Athens

- Optimization methods in Operational Research

National School of Public Administration and Local Government

- Statistical methods for Decision Support

Athens University of Economics and Business

- Mathematical Programming
- Operational Research Techniques
- Numerical Analysis
- Programming (Pascal, C, Fortran)

---

[1] "Informatique et Sciences de lInformation et de la Communication", M.Sc. program held by the Department of Informatics (T.E.I. of Athens) and the University of Limoges

Courses (continued)

University of London

- Management Science Methods (External Examiner)

Projects

Research

Archimedes:	Research team member, project "Development of intelligent systems for product designing", Department of Informatics, T.E.I. of Athens, Budget: 150000 euro (funding: ESF and Greek State), Period: 09/2003 - 06/2005
Athina2004:	Project manager, project "Development of a co-operative system for the design of software products and Information Technology projects", Department of Informatics, T.E.I. of Athens, Budget: 4500 euro (funding: T.E.I. of Athens), Period 01/2005 -12/2006.
Pythagoras:	Research team member, project "Design and implementation of exact algorithms for Integer programming problems" Department of Mathematical, Physical and Computational Sciences, Aristotle University of Thessaloniki., Budget: 60000 euro (funding: ESF and Greek State), Period: 03/2005 - 12/2006.
BRFP 2008:	Research team member of the project "Multi-sided stable matchings: structure and algorithms" Department of Management Science & Technology, Athens University of Economics and Business, Basic Research Funding Program, Budget: 15000 euro (funding: A.U.E.B), Period: 06/2008 - 06/2009.
BRFP 2010:	Research team member of the project "Assignment Problems and all-different predicates", Department of Management Science & Technology, Basic Research Funding Program, Athens University of Economics and Business, Budget: 15000 euro (funding: A.U.E.B), Period: 11/2010 - 11/2011.
DONET:	Research collaboration with the Department of Operational Research, London School of Economics, Discrete Optimization Network, grant no.: FMRX-CT98-0202, Period: 06/1999 - 12/1999.

Development

ADAPT:	Member of the experts' group carrying out the study "Technical standards for computing and network infrastructure of the Management Information System (MIS) of the Patras Port Authority Fund", ADAPT Community Initiative, 2000.
ERDP:	Institutional promoter of the program "Additional training equipment of the Departments of T.E.I. of Athens", act 5.2 "Upgrading infrastructure and equipment to improve the quality of education", European Regional Development Plan, Operational Programme for Education and Initial Vocational Training, Period: 2003 - 2008.
ICSS:	Departmental promoter of some workpackages of the program "Improving Computer Science Studies", Department of Informatics, Budget: 999.951 euros, funded by the Operational Programme for Education and Initial Vocational Training and the T.E.I. of Athens, Period: 2003-2008.
